

## GCSE 2024

If you are not happy with your results, please see the following options:

### 1. Review of Marking

- Includes a clerical check (see below)
- A second examiner will review the paper/recording again to identify genuine marking errors or unreasonable marking
- It will make sure all the marks are counted.

**Please note your grade can go down as well as up.**

**Please be clear that this is not a remarking of an exam paper; it is a review to see if marking has been done correctly.**

### 2. Clerical Re-Check

A clerical re-check of a marked paper will make sure that:

- All pages were marked
- All marks were counted
- The result matches the marks on the paper.

**Please note your grade can go down as well as up.**

### 3. Priority Access to Scripts

This is a copy of the original marked script to help you decide whether to request a review of marking.

# Candidate consent form

## Information for candidates

The following information explains what may happen following a clerical re-check, a review of marking and any subsequent appeal.

If your school or college submits an application for a clerical re-check or a review of the original marking for one of your examinations after your subject grade has been issued, there are three possible outcomes:

- Your original mark is lowered, so your final grade may be lower than the original grade you received
- Your original mark is confirmed as correct, so there is no change to your grade
- Your original mark is raised, so your final grade may be higher than the original grade you received

In order to proceed with the clerical re-check or review of marking, you must sign the form below. This tells the head of your school or college that you have understood what the outcome might be, and that you give your consent to the clerical re-check or review of marking being submitted.

This form should be retained on the centre's files for at least six months following the outcome of the clerical re-check, review of marking or any subsequent appeal.
